

## 2020 FEMA Photography Instructions

Applicants should submit a *minimum* of three (3) photographs of their property from specific angles. Make sure the photographs are taken from the correct angles, seen in the example below. Photographs must be named according to the following format: **Address\_Photo Number.jpg**. The number should correspond to the angle described below.

Please include as many photographs as needed to present an accurate depiction of both the area of retrofit and the entire building's façade, including any unique features. If your building is publicly visible from more than one side, please include these angles in your submission as well. Additional photos may be required during the review process.

<p>Photo 1: Captures Left Side and Front of Building</p>	 <p><b>8300 Santa Monica_1.jpg</b></p>	<p>Photo 4: <b><u>Optional.</u></b> <b><u>Provide</u></b> <b><u>location.</u></b></p>	 <p><b>8300 Santa Monica_4_SW side.jpg</b></p>
<p>Photo 2: Captures Right Side and Front of Building</p>	 <p><b>8300 Santa Monica_2.jpg</b></p>	<p>Photo 5: <b><u>Optional.</u></b> <b><u>Provide</u></b> <b><u>location.</u></b></p>	<p><b>(Optional. Not provided.)</b></p>
<p>Photo 3: Captures Front Elevation</p>	 <p><b>8300 Santa Monica_3.jpg</b></p>	<p>Photo 6: <b><u>Optional.</u></b> <b><u>Provide</u></b> <b><u>location.</u></b></p>	<p><b>(Optional. Not provided.)</b></p>
